Shop vegan food online

If you've ever tried to zoom in your computer screen 200% to read the ingredients on something you're shopping for online to make sure it's vegan ... this post is for you.

It can be difficult trying to make sure everything you buy is vegan when you're shopping online. Luckily, we have you covered.

With regard to food, if you are looking for something a bit more upmarket, make it Yumbles!

They have a whole vegan section selling plant-based foods, drinks and treats crafted by independent and artisan makers.

I love their box of vegan Fudge which I get every month, it's packed full of delicious desserts that melt in the mouth.
